

Pressure Balance Valve with Built in Diverter

Model #: J-DIV-PBV

FEATURES:

- Pressure balance valve mixes hot & cold water
- Anti-scald protection
- Moving lever up and down controls the volume of water and turns water on and off
- Rotating handle left and right controls the water temperature
- Ceramic cartridge
- Built in diverter for diverting between multiple devices (for example, diverting between showerhead and handheld or tub spout)
- 1/2" NPT female parts
- 5.2 GPM flow rate @ 60 PSI
- Works well with low water pressure
- New and improved one piece cartridge for ease of installation
- Extension kit NOT AVAILABLE for this rough valve. Please be sure to review install instructions for proper install depth from finished wall.
